EXPECT BIG VOTE

FINE DAY AND CLOSE RACES
BRING OUT VOTERS.

AMENDMENTS A PUZZLE

Election Officials Have Time Explaining
Rules—Few Pass Up Township
Organization Proposition.

With a fine day, several close contests in country offices, the township organization proposition and fifteen proposed state amendments, as urged, nearly every voter in Nodaway county, is expected to cast his one ballot in the general election being held today. The voting began early in the four voting places of Maryville. With several cars furnished by the various county candidates and "dry" workers to help, the voters are turning out in almost full quota.

The many proposed state amendments and referred laws which are submitted at today's election are causing the election judges a great deal of trouble and much anxiety and confusion to the would-be voters. Nearly every voter asks one or more questions about voting rules before turning in his ballots, and some have to be shown the proper way to vote at this election.

The proposed amendments for woman's suffrage, "county unit" and the "full crew" train law, are attracting the greatest attention from the voters. The first amendment, which relates to the "single tax" question, and the proposed good roads amendments, with added taxation, also are drawing the attention of many, especially the farmers.

It is believed by the leaders that the "county unit" law will carry in Nodaway county but will fail in the state as a whole, just as will the woman's suffrage amendment. A surprise however is in store for those who believe the suffrage amendment will be turned down, the state suffragette leaders declare.

Another proposition that is receiving the attention of the voters of this county, is that relative to abolishing township organization. While it is firmly believed the proposition will fail ignominiously, the farmers and tax-payers generally, are taking no chances of its carrying through lack of attention on their part.

One feature of the amendment voting that is particularly noticeable, is that many of the voters, especially those that have not carefully studied the propositions, are voting "no" on each proposition regardless of their significance, or passing all up. Only one in several that are being turned in, it is said, are scratched as though to indicate that the person voted on each one as he deemed they should be voted.

The voting is getting more active this afternoon and the women have entered into the campaign for the upholding of the county unit law with vim. At each of the four voting places several women are stationed to urge every voter to say "yes" to that amendment. A few incidental requests for the granting of woman's suffrage also are being made.

The total vote cast at the four voting places in the city at 2:30 o'clock this afternoon follows:

First ward	238
Second ward	246
Third ward	224
Fourth ward	307

Much "scratching" of the party tickets is reported at each place, while nearly all are voting on the amendment and township organization propositions. About thirty persons were waiting to vote in the Third ward at 2:30 o'clock this afternoon.

Postpone Court Session.
The reconvening of circuit court yesterday morning to hear arguments in the attachment and note suit of Dennis N. Burch against Jasper Burch, has been deferred until Friday morning on account of election and inability of counsel in the case to be ready today. Court then will adjourn until December 7.

Marvin D. Cook, the aged man who is charged with having set fire to the barn of his son, George Cook, near Graham, a week ago, was to have been arraigned yesterday morning. He probably will be arraigned Friday. He is in the county jail.

Leaves Linville Office.
W. E. Collins, who has been day clerk at the Linville hotel for the past year, left Sunday for Kansas City to make his home.

Miss Crystal Jennings of Bolckow came to Maryville yesterday to spend the week with her cousins, Misses Ora and Prudence Saunders.

WILL GIVE RETURNS

The election returns from the county, state and country will be given in the circuit court room of the court house tonight through the medium of The Democrat-Forum and the Tribune. Everyone is invited. Seats for all will be provided.

The returns over the county will begin to come in soon after the polls close at 6 o'clock tonight. The Democrat-Forum has arranged to get by direct telephone wires the returns in the county on county candidates, the township organization proposition and proposed state amendments.

Arrangements also have been made with the Western Union for receiving the returns over the state and country. There will be no delays. Just as soon as the vote for any one precinct in Nodaway county comes in it will be announced in the big circuit court room.

There is ample room and an easy seat for everyone.

MAURICE ECKHART DIES.

Conception Farmer Succumbs Today—Funeral at Guilford Thursday.

Maurice Eckhart, a farmer living southeast of Conception, died at 11:30 o'clock today, after an illness of a few weeks.

The funeral services will be held Thursday morning at Guilford and the body buried in the Guilford cemetery. Mr. Eckhart was 49 years old and is survived by a wife and several children.

QUINTET AND MINKS WIN.

Two Tie for Top—Quinn Is Injured In Normal Game.

As a result of the defeat of the Giants by the Minks by a score of 27 to 16, in a basketball game at the Normal gymnasium yesterday afternoon, these two teams now are tied for first place in the four-team tourney of the state school. The Quintet also won from the Allies by a score of 23 to 10 yesterday.

The tussle between the Quintet and the Allies also resulted in the Quintet captain, Orlo Quinn, being probably incapacitated from further playing in the tournament, which ends in about two weeks. The knee of his right leg was wrenched when one of the contesting players fell over him. It is an old injury. He probably will not be able to enter into Normal activities for at least two weeks.

The standing of the teams:

Teams.	Won.	Lost.	Pct.
Minks	7	4	.636
Giants	7	4	.636
Quintet	5	6	.454
Allies	3	8	.272

New Station Delays Trains.

Virtually all northbound Burlington passenger trains yesterday and this morning were late in arriving here, because of delays in getting out of the new yards at Kansas City, caused by trainmen being unfamiliar with conditions at the new station terminals and of incomplete facilities there. The northbound Chicago Great Western passenger trains also were reported late in arriving at Conception Junction yesterday for the same reason.

One Maryville theater manager was unable to depict some advertised films because of the tie-up in the Kansas City yards.

It is believed conditions will become normal within a few days.

A license to marry was issued in the office of recorder of deeds yesterday to Wilbur J. Lawler, 24 years old, of Ravenwood, and Clara Lee Taylor, 24 years old, of Maryville.

A license to marry has been issued in the office of the recorder of deeds to Lawrence J. Diss, 24 years old, of Ravenwood, and Elma Katherine Handley, 21 years old, of Ford City.

Albert Gill, Railroad street, was fined \$27.29 in police court this morning for having disturbed the peace of his grandfather yesterday. On failure to pay he was committed to jail.

OCTOBER WAS MILD

MORE THAN NORMAL RAIN FELL DURING LAST MONTH.

HAD ONLY TWO FROSTS

November Starts Off Unusually Tame, With Thermometer Hovering Around 80 on Second Day.

October, which bade its adieu Saturday, was a very mild month; in fact, so mild that on only two of the thirty-one nights did it have a frost, sufficient to kill growing vegetation. In rainfall, the month also was slightly abnormal, according to J. R. Brink, official observer for Maryville and this vicinity.

November also is starting off with especially mild weather, which indicates to the old timers that there will be some bluster just about Thanksgiving day, for the old saying is that a month that enters mild will exit with a bluster. Sunday, the start of the new month, was so nice that dozens of Maryville folks spent the afternoon walking or sauntering about, while porch swings and the court house lawn seats were occupied throughout the mid-afternoon.

Yesterday was equally as mild, the thermometer hovering about the 80 degree mark for a couple of hours. This mild temperature, added to a clear sky, and just enough previous rainfall to make the air pleasant, brought out all the joy in one's system. The only cloud that hovered over the horizon was the many first-of-the-month bill collectors who trotted about town in their full glory yesterday, intent on gathering in the hard earned coins.

The observations made by Mr. Brink shows that there were 4.13 inches of rain during the last month, most of which fell within the first few days. The greatest rainfall for any October since the observation was begun here, twenty years ago, was in October, 1911, when 7.47 inches is recorded.

The maximum temperature for the month was 82 degrees on the 7th, while the low ebb was reached October 27, when the mercury dropped in the bulbs to 22 degrees. It was then that the first killing frost of the month occurred. This stunt was repeated the following night then only. There was one, or perhaps there were two light frosts at other times during the month, but they were only in the extremely low places and were not heavy enough to kill any vegetation. No record of them is maintained by the government observers. Only "killing" frosts are kept account of.

The "hottest" October day was in 1897, when, on the 14th, the mercury went to within one degree of the one hundred mark. The lowest temperature recorded in October, was on the 28th day in the year 1895, the initial year of the establishment of the Maryville station.

Stanberry Has Fatalities.

William Jones, a Stanberry negro, was killed by a deputy sheriff in resisting arrest, and Thomas Lucas, 20 years old, also of Stanberry, was killed in leaning from a car window yesterday. Both fatalities occurred within a short interval of time. Jones' death resulted after he had assaulted a furniture dealer, who tried to collect a bill from Jones.

Lucas met death when his head struck a freight car as he was leaning from an engine cab.

Buys Maitland Shop.

Mark Hanna, who has been employed for some time at the Dixon barber shop, in the "Smoke Shop," on South Main street, has purchased a barber shop at Maitland and will his family to that place this week.

TO BE DEMOCRATIC

PREDICT PARTY WILL RETAIN CONGRESSIONAL CONTROL.

EXPECT SENATE GAIN

Believe Republicans Will Lose in Upper Branch and Gain in House Expect Big Vote.

According to data gathered from different sources on senatorial and congressional outlook, the Democrats will have both the house and senate again, the former by a slightly increased majority and the latter by a small decrease.

The predictions are that the Republicans will make gains and the Progressives will show a slight loss in their congressional strength.

The prediction is that Senator Stone will be returned to the senate by a majority of more than 40,000. His opponents are Arthur N. Sager, Progressive, and Thomas J. Akins, Republican.

There is a belief that the Republicans have a fighting chance to gain three congressmen, though two of these are just barely within the realm of probability.

James T. Lloyd will succeed himself and defeat Dr. Edward S. Brown, Republican.

Judge W. W. Rucker will be returned from the second district without opposition.

The third district is safely Democratic and J. W. Alexander will be returned over his Republican opponent, J. H. Morrow.

Charles F. Booher of the fourth district will be returned with little opposition.

William P. Borland of the fifth district will be returned with a good majority. Mr. Borland represents Kansas City.

C. C. Dickerson will have an easy victory in the sixth. A. J. Young is his Republican opponent.

The contest in the seventh district is expected to be close, but the election of Courtney W. Hamlin is expected.

In the eighth district Judge D. W. Shackelford will be elected by an immense Democratic majority, which will be given by Boone county. Judge Shackelford was here today and feels no apprehension about the result in this district. His Republican opponent is N. T. Gentry of Columbia.

Speaker Clark will go back to congress with flying colors from the ninth district.

The tenth district is known as the brewery district of St. Louis. It is overwhelmingly Republican and for twenty-two years has been represented by Dr. Richard Bartholdt, who did not seek the nomination this year. Dr. Jacob Meeker a former Congregationalist, is the Republican nominee. He is opposed by an Independent Republican and Progressive candidate. The fight against Meeker is a hard one, but he has the machine with him and will be elected by a large majority.

The eleventh district is wholly within the city of St. Louis and it is conceded that William L. Ingoe, Democrat, will defeat his Republican opponent, Harry A. Hamilton.

Conditions in the twelfth district favor the election of L. C. Dyer, Republican, over John P. Collins, Democrat. Dyer was unseated by the Democrats last July and his seat given to Michael J. Gill, Democrat.

Walter L. Hensley is one of the Democrats who may lose his seat in congress in this state. Mr. Hensley comes from the thirteenth district. Republicans are confident that John H. Reppy will defeat Mr. Hensley.

In the fourteenth the fight will be a close one, with the chances favoring Joseph J. Russell, Democrat. Thomas

MANY VISITORS SINCE OPENING.

Rest Rooms Appreciated by Women—4,550 Registered in Three Months.

That the women of Nodaway county appreciate the public rest rooms and avail themselves of their use and comfort is shown in the number registered since the opening of the rooms on August 1.

In the three months past approximately 4,550 women have visited the rooms. While the greater majority of these visitors are from the county and city, the names show travelers from twenty-one other states among the list. This number includes 1,165 names registered on the opening day. The average per day following the opening is 37. Many visitors do not register, and the actual number would be greatly in excess of this.

Two weddings have taken place in the parlors and at various times club conferences have been held there.

MUCH RURAL MAIL

OCTOBER SHOWS 8,413 PARCEL INCREASE OVER MAY.

ROUTES NEARLY EQUAL

Each Carrier Delivers and Collects About the Same Amount—Last Month's Total Was 61,169 Pieces

According to a report of the rural carriers of the Maryville postoffice for the month of October, 61,169 pieces of mail were delivered to the patrons of the seven routes, the total weight being 8,200 pounds. The October report shows quite an increase over the report of these carriers for the month of May. During that month 52,756 pieces of mail were delivered and the weight was 6,562 pounds.

The total number of pieces of mail collected by the carriers were 4,419, with a total weight of 249 pounds as compared to 3,876 pieces and a weight of 214 pounds for last May.

The report for each of the seven routes follows:

Route 1, Howard Watson carrier—Delivered 7,708 pieces, weight 1,061 pounds, and postage \$44.67. Collected 485 pieces, weight 31 pounds, and postage \$9.24.

Route 2, Don D. Davis carrier—Delivered 9,252 pieces, weight 1,209, and postage \$48.19. Collected 498 pieces, weight 33 pounds, and postage \$13.10.

Normal Paper Out Tomorrow.

Volume 1, number 1, of "The Green and White Courier," the new paper to be issued monthly by the Northwest Normal, will be out tomorrow, according to announcement made at the school yesterday morning. About 175 subscriptions, most of them for a year or more, already have been obtained, while some advertising is to help the paper along. Miss Myrtle McPherron is editor-in-chief.

The paper will publish the general activities of and about the Normal and the comings and goings of the students and faculty.

Gives Box Social.

The patrons of the Carter school district held a box social at the school house Friday night, clearing \$19, which is for the school benefit. A good program was given by the pupils and the teacher, Miss Dollie Hughes. The contest prizes were won by Miss Myrtle Hughesbanks and French Carter.

Miss Rowley Here.

Miss May Rowley of St. Louis arrived in Maryville yesterday morning to visit her brother, Burt M. Rowley, and family. Miss Rowley is a graduate nurse and came to care for her small niece, Dorothy Rowley, who will undergo an operation for adenoids and the removal of her tonsils today.

Mr. and Mrs. E. E. Cook and children of Osborn, Mo., who have been the guests of Mr. and Mrs. F. L. Flynt, left Sunday for their home.

MANY ON PROGRAM

COUNTY TEACHERS PREDOMINATE ON RURAL SCHOOL PROGRAM.

COMPETE FOR TROPHY

Superintendent Oakerson Urges Teachers to Try for State Prize—Many to St. Joseph Next Week.

The teachers of Nodaway county will predominate in the rural school program which has been arranged for the opening day of the fifty-third annual meeting of the Missouri State Teachers' association in St. Joseph, Thursday, November 12. They also will figure quite prominently in the whole three days convention. The Northwest Normal likewise will be in evidence at all times.

An incentive for every Nodaway county teacher to become a member of the state association, even though attendance next week is impossible, is furnished in the offering of a trophy to the county which, for the last three years, has had the highest percentage of members of the association. The trophy consists of a silver loving cup with a mahogany base.

As there are approximately 250 public school teachers in this county, half of whom already are members of the organization, County School Superintendent W. M. Oakerson believes the chances for Nodaway county carrying off the trophy are excellent. St. Charles county won the prize last year. Members of the various school boards and all others interested directly or indirectly in the promotion of education may become a member of the association.

The school board of Maryville, which met in regular monthly session Saturday night, officially ordered the closing of all public schools in the city Thursday and Friday of next week, that the teachers may attend the state meeting. The rural schools and those of other towns over the county likewise will be closed those two days. The teachers, however, will be paid.

The new additions to the "rural school" program, which is to be given during the state meeting in the White Temple church at St. Joseph, are:

"Boys' and Girls' Clubs in Missouri," L. S. Mendenhall, Barnard.

"The Kind of Co-Operation that the Rural School Teacher Needs," Miss Zella Barton, Maryville.

"What Are the Essentials in a Rural School Course of Eight Years?" Miss Margaret McCann, Ravenwood.

"Some Rural School Problems from the Teachers' Viewpoint," Miss Nellie Halasey, Maryville.

"The Relation of the Rural Schools to the Needs of the People," Mrs. Ella Hale, Quitman.

In the same meeting Superintendent Oakerson will lead in a discussion of "Some Rural School Problems from the Teacher's Viewpoint," while Mrs. Mary Hiles of Burlington Junction will enter into a discussion of "The Relation of Rural Schools to the Needs of the People."

QUARANTINE LIVE STOCK.

Government aBrs Movements in Five East Central States.

A quarantine of live stock in Pennsylvania, Illinois, Indiana, Michigan, and Ohio has been made by the federal government to check the spread of foot and mouth disease among cattle in the middle west. As this naturally will have a great effect on the Chicago market, the greatest in the world, local stockmen believe the government restriction will bring more cattle to the St. Joseph, Omaha and Kansas City markets.

Whether it, too, will have the effect of reducing prices for cattle in these markets is not yet known. Some believe it will and others believe not. Temporarily, it may, some say, but eventually it will boost prices. Large packers are arranging to divert the packing, in part, to the Missouri river points.

No cases of the hoof and mouth diseases have been reported west of the Mississippi river.

"HAWG" SAVES HOMER CROY

Missouri Accent is Valuable Adjunct
Abroad, Maryville Product Writes.

Homer Croy, who writes the appended letter to the St. Louis Republic from Cairo, Egypt, is a native of Missouri, and never tries to conceal the fact. He has been on a tour of the world for Leslie's Weekly, of which he is an associate editor, and has been contributing humorous observations about his travels to that periodical.

Mr. Croy's letter, in which he emphasizes the practical value of a Missouri accent as a means of identification in ticklish situations, follows:

"One of the great assets for traveling during the war is a Missouri accent. Several times it has pulled me out of a narrow hole. For a month I was in India trying to get away, but was unable to do so on account of the war. Nearly every ship had been taken over by the government to carry troops to England and the few that were left ran only spasmodically. Week after week I kept trying to get out on one of these, but all the berths were filled either with officers or officers' wives.

"Every German in India was locked up so that he could not give assistance to his people. This they had been doing by trying to incite the native Indians to mutiny while England had her back turned, and by sending wireless messages to German ships at sea.

"Every person in India who was not an Englishman was under suspicion and was watched. I didn't have a passport, so suspicion descended on me. I tried to tell them that I was an American, but they said that a lot of Germans were trying to pass themselves off as Americans, and that I must bring stronger proof. As I had no one to vouch for me I began to see pale, gray walls from an interior point of observation. Just as I was about to be led away I remembered my Missouri pronunciation and pronounced hawg for them.

"After that there was no doubt that I was a full-blooded American, and was given my freedom to go on my way. After that whenever I was stopped by a sentry or person in authority I simply talked some Missouri for them, pinched a bit through my nose, and was allowed to go on. A Missouri accent is better than a passport in India during the war.

"The Suez canal is being guarded by the English. It not only has ships watching it, and is covered by land forts, but up and down the towpath Arab drivers in the employ of the British patrol by riding camels and carrying guns. Every few miles is stationed a detachment of soldiers. These precautions are to keep the Germans from slipping up and dynamiting the canal and stopping England from bringing more troops and reinforcements from India.

"At Suez City there are a dozen German war captures in the way of cruisers. The English have painted the sides of the ships with a big capital letter and a figure, such as D5, and use this instead of the name of the ship.

"I am now in Egypt watching and waiting my chance to get back to the United States. Never before did America look so good to me."

File Two Civil Suits.

A suit to perfect title was filed by John O. Nelson against Alma Lemont and others in the circuit clerk's office yesterday afternoon. A partition suit also was filed by Claude N. Comstock against Margaret Conley and others. Several tracts of farming land are involved in the partition suit.

TO BE DEMOCRATIC

(Continued from first page.)

Brown of Charleston is the Republican nominee.

The fifteenth district, which embraces the extreme southwestern counties, is considered fighting ground. Perl D. Decker is opposed for the election by Joseph J. Manlove, Republican.

The sixteenth district will return Thomas L. Ruby, Democrat.

The sixty-fourth session of congress will contain at least 226 Democrats; 179 Republicans and 11 Progressives as against 290 Democrats, 127 Republicans and 19 Progressives in the sixty-third, according to the figures promulgated by political experts.

Thirty-three senators are to be elected. Conditions point to the election of three and possibly four Democrats to seats now occupied by Republicans. These are Gerard in New York, Baldwin in Connecticut, Moyle in Utah and possibly Roger Sullivan in Illinois. There is also a possibility that Hawley, Democrat, may defeat Bradley, Republican, in Omaha.

It is likely that in the lower house Kansas will contribute a gain of two to the Progressives, and in West Virginia the Democrats are expected to gain one seat. It is probable that the Democrats will gain two in Utah and one in Nebraska.

A general average of the pre-election estimates of the vote to be cast today in Missouri is: Democrats, 220,000; Republicans, 240,000; Progressives, 55,000, and all of the minor parties less than 1912.

In the 1912 election Governor Major received 337,019 votes; John McKinley, the "stand-pat" candidate, 217,819; Judge Albert D. Norton, the Progressive candidate for governor, 109,145. The vote of the minor parties on governor was: Stokes, Prohibitionist, 5,220; Ward, Socialist, 28,145; and Rogers, Social-Labor, 1,861.

Seven states will vote today on the direct proposition of suffrage to women. In three the ladies believe the privilege will be granted. They are Nevada, Montana and Nebraska. The doubtful state is given as South Dakota, while a probable refusal to grant the right to women is expected from Missouri, North Dakota and Ohio.

Home from Kansas.

Mr. and Mrs. J. W. Shroyer have returned from Kingman, Kan., where they visited their daughter, Mrs. Emmett Lane, and family.

The ONLOOKER

HENRY HOWLAND

Soon or Late

When things have all gone wrong, when they
When you have deemed your friend
Because ill luck has come your way,
And sought their pleasures, unconcerned.

When all your plans have gone amiss
And all your hopes have taken flight,
Then you have need of her fond kiss
Who waits to welcome you at night.

When Fate has been inclined to cheat
You of rewards you hoped to claim,
When, with the brutes of defeat,
And bending under bitter blame,
You turn, at night, to them who still
Are faithful, patient, loving, just,
You need the little one to fill
Your heart with hope, your soul with trust.

When all goes well, when Fortune beams
Upon you with her fairest smile,
When luck befriends you and it seems
That effort still is well worth while,
When smiling flatterers proceed
To put your lingering doubts to flight,
You may forget that you have need
Of them who wait for you, at night.

The sky that is today so blue,
May cease tomorrow to be clear;
The friends who now appear so true
May shun you when you need their cheer.
But they who nightly give you kind,
Glad greetings faithfully will wait;
Be true to them, for you will find
That they are needed, soon or late.

Carrying It Too Far.

"Five years ago I thought I had won undying fame."

"Oh, well, don't worry. Plenty of other men whose names were on every lip a few years ago are never mentioned now."

"Yes, I know. I wouldn't feel so bad if I had been merely forgotten, but I introduced myself to a man a little while ago who insisted that I was dead and occupying a neglected grave."

Letting a Good Thing Pass.

"Will you have coffee?" asked her hostess.

"No," she replied. "I think I shall have to give it up. People say it is bad for the complexion."

"Oh, well, what of it? You can fix your complexion up again, but it may be a long time before you shall have a chance to get another cup of coffee as good as this."

An Object of Pity.

"I'm sorry for that man."

"Why? It seems to me he's about the last man one should be sorry for. Everybody is applauding him."

"That's it. Think how hard it will be for him to get used to it when everybody begins to denounce him, next week or the week after."

WHY HE HAS QUIT.

"Do you dance?"

"No. I've given it up."

"Religious scruples?"

"Not exactly. My wife always chides me unless I limit myself to dancing with ladies who are older than she."

Heaven.

"Have you ever formed any definite idea of heaven?"

"No, I can't say that I have, but I am inclined to believe it will not be a place where everything you have to sell will not always be cheap and plentiful nor everything you must buy be always scarce and expensive."

The Philosophical Method.

"Don't you find it harder and harder to live within your means?"

"Oh, I found several years ago that it was absolutely impossible. That's why I've bought an automobile and joined two more clubs. One has to manage somehow to keep from letting it get on one's nerves."

Encouraging.

"This," said Mrs. Younglove, "is Mary's second attempt at making cake."

Mr. Witherspoon took a bite.

"After Mary has practiced awhile," he said, "she may become a fairly good cakemaker."

SOFT FLUFFY HAIR IS FIRST AID TO BEAUTY

If your hair is not fluffy, soft and lustrous, is falling out, streaked, faded, brittle, or full of dandruff, and if the scalp itches, do not think it must always be that way, for pretty hair is only a matter of care and the use of the proper hair dressing. Your hair is like a plant—if neglected it soon dies, while with a little attention it keeps fresh and beautiful.

Parisian Sage is a scientific preparation that supplies just the elements needed to invigorate the hair roots and stimulate your hair to grow long, thick, fluffy, soft and lustrous. It removes all dandruff with one application and quickly stops itching head and falling hair. It is the ideal hair tonic and scalp treatment—contains nothing injurious and is delicately perfumed.

T. J. Parle or any druggist can supply you with Parisian Sage—it is inexpensive. You cannot be disappointed with this delightful and helpful toilet necessity, for it will surely give your hair the beauty and charm of youth.

ENTIRE NORTH SEA NOW MILITARY AREA

England's Reply to Laying of Mines by Germans.

London, Nov. 3.—The entire North sea has been declared a military area and merchant vessels entering it will be exposed to the gravest dangers from the mines and from the warships which are searching vigilantly by night and day for suspicious craft.

This action has been taken as a reply to the laying of mines by the Germans in the waters north of Ireland. At the resumption of the trial before a court-martial of Carl Hans Lody, alias Charles A. Inglis, accused of espionage, the defense indicated that they did not plan to call any more witnesses.

The prosecutor said that Lody had admitted being an alien enemy, posing as a civilian, at times as an American, meanwhile communicating information to Germany. Therefore the death sentence should be imposed.

PRESIDENT IS CONFIDENT

Wilson Will Call Extra Session If Democrats Lose House.

Washington, Nov. 3.—White House officials say Mr. Wilson is confident both senate and house will be safely Democratic as the result of today's elections. Predictions were made that the majority in the house will be more than fifty and that the present majority in the senate will be increased.

On the outcome of today's elections, however, depends whether the president will call an extra session of congress later this month. It was understood that there will be no extra session if the party retains control of congress. Otherwise it was said the president would call an extra session in order that policies that he stands for may be carried to completion during the life of the present congress.

Belligerents to Exchange Captives.

Washington, Nov. 3.—Germany and Great Britain have reached an agreement through the medium of the American government whereby each will permit all enemy subjects, except those between the ages of fifteen and fifty, to go back to their respective countries. In no case will women and children be detained if they desire to leave. The detention of those between the ages of fifteen and fifty years is due to the fact that both Germany and Great Britain desire to keep all enemy subjects who could possibly bear arms from joining their colors.

War Tax on Tobacco Into Effect.

Washington, Nov. 3.—War taxes on tobacco dealers and manufacturers imposed by the new emergency revenue bill went into effect. The taxes may be paid any time this month, but the government stamps will not be ready for issue for the next two weeks. A record of sales is available through the internal revenue tax. Taxes on wines and beer became effective immediately upon the enactment of the revenue bill. The stamp taxes on documents will go into effect Dec. 1.

Mount Vesuvius Is In Eruption.

Naples, Nov. 3.—Mount Vesuvius is again in eruption and the inhabitants in its vicinity have become greatly alarmed. The activity of the volcano first became manifest by deep detonations and rumblings. This was followed by gigantic columns of smoke and soon thereafter an abundant eruption of lava began.

In the report given by Mrs. Dean, she told of the gracious hospitality of the Chillicothe women, the many courtesies enjoyed by the visitors, and finished by giving a splendid account of the work done at the Missouri Girls' Industrial school, an institution which is attracting the attention of club women all over the state.

The meeting was then given over to the program leader, Prof. P. O. Landon. He gave a short biography of Mozart, the composer now being studied by the Music department. Suppose for example, that when a customer walked in here, our policy and purpose should

be to get as much out of him as we possibly could, and give only as much value for it as would get his money. We would have the money; but we wouldn't have the customer. Our policy is just the opposite. We work for ourselves and our own interests by working for him; our aim is to see how much we can give, not how much we can get. We have to make some profit in order to be able to go on serving; but we buy with your value-getting in mind, and sell on the same basis.

We have found it a very satisfactory way for both of us to do business; you'll find it so when you get to know us.

We have the clothes here for everybody; for all sizes of body and purse; we show you a big variety of good fabrics at every price; and we guarantee the most unusual values ever presented in suits, overcoats and raincoats at \$10.00, \$15.00, \$18.00, \$20.00, \$22.50 and \$25.00. APOLOGY OF TURKEY NOT SUFFICIENT

Porte Will Have to Go
Further Still.

ALLIES NOT SATISFIED

Powers Likely Will Demand En-
tire Fleet Dismantled.

THREE CRUISERS AT LEAST GO

Long Way to Go Before Diplomatic
Relations Are Resumed.

WAR BULLETINS

An official communication from Vienna says the Turks and the Russians are in battle near Trebizond, a Turkish port on the Black sea, while another dispatch declares that the Turks have seized a Russian steamer at Constantinople. The Serbian minister, following the example of the Russian representatives, is leaving Constantinople.

Meanwhile fierce fighting continues between the allies and the Germans along the battle lines in France and Belgium and between the Germans, Austrians and Russians in the east. No decisive engagements have resulted.

The entire North sea has been declared a military area.

A news agency says the Germans have placed big guns on Borkun island, in the North sea.

The German cruiser Karlsruhe has captured three additional British steamers in the south Atlantic.

Russia has ordered all German and Austrian subjects to leave Russia within the next two weeks.

London, Nov. 3.—The grand vizier of Turkey has apologized on behalf of his government for the warlike operations of the Turkish fleet, under German commanders, in the Black sea, but it was stated authoritatively that the porte will have to go very much farther than this before the powers of the triple entente will agree to resume friendly relations with the Ottoman government.

It was disclosed in a statement issued by the French government that Turkey, in reply to a note presented by Russia, France and England on Friday last, agreed to recall its fleet from the Black sea, but refused to dismiss the German officers from its ships, and that, as it was believed it could not maintain a passive attitude without doing this, the ambassadors of the entente powers demanded their passports and left Turkey.

Allies' Demands.

There is every reason to believe that, despite the apology of the grand vizier, which, it is understood, comes from the peace party in the Turkish cabinet and may not be agreed to by Enver Pasha, the minister of war, and his Young Turk followers, France, Russia and Great Britain not only will demand reparation for the warlike operations of the Turkish fleet in the Black sea, but will insist that Turkey's entire fleet, or at any rate the cruisers Goeben, Breslau and Hamidieh be put out of commission until after the war, Turkey's security being guaranteed in the meantime.

This would give Russian such superiority in the Black sea that there would be no danger of Turkish raids. It is suggested also that demobilization of the Turkish army would be demanded, which would mean that those troops which have crossed the Egyptian frontier must be withdrawn.

Envoys Leave City.

However, as the terms of Turkey's apology, which apparently was made in London, have not been published and must be considered by the entente powers before the apology is accepted or refused, there seems to be a long way to go before diplomatic relations between the Ottoman government and the allies can be resumed. An added difficulty to the situation is that the ambassadors of the powers have left Constantinople, which will make it troublesome to ascertain whether the whole Turkish cabinet concurs in any agreement reached.

Meanwhile a report comes from Constantinople of the seizure of another Russian steamer, and also that Bulgaria, which had been asked to choose the side on which it would fight, had commenced to mobilize its second line troops.

Vienna announces that on the Russian-Turkish frontier near Trebizond battles have commenced between Russian and Turkish troops.

GUTIERREZ ELECTED PRESIDENT OF MEXICO

Named Provisional Head of Re-
public For Twenty Days

El Paso, Tex., Nov. 3.—Mexico to-day is a republic with two claimants of supreme executive power.

One of them, Emilio Gutierrez, named at the Aguas Calientes conference, was elected to serve only twenty days, said to be the shortest term of office in the history of any republic. The other, Venustiano Carranza, now in power at the national capital, has not recognized Gutierrez as supplanting him as the choice of the convention of chiefs which previously had retired Carranza and Villa.

Evidences pointed to a renewal of actual conflict between the Carranza and Villa factions. Both sides were said to have begun movement of troops.

Commenting on the action of the Aguas Calientes conference, Foreign Minister Fabela said:

"The high officers of this government believe that this convention had no right to name a successor to General Carranza. If General Villa and General Zapata refuse to leave the country, with Carranza, we will have war. The only way to guarantee peace is for these three chieftains to leave the field. General Gutierrez is a brave and honorable soldier, but the convention must live up to General Carranza's demands."

Gutierrez was appointed provisional governor of the state of San Luis Potosi by Carranza at the beginning of the Constitutional revolution. He is regarded, however, as more of a sympathizer with Villa in the present controversy.

General Gutierrez has been prominently identified with the Mexican revolutionary movement that resulted in the expulsion of General Huerta from the republic.

U. S. QUARANTINE UPON LIVE CATTLE

Foot and Mouth Disease Epi-
demic In Several States.

CHICAGO YARDS UNDER BAN.

All Pennsylvania, Indiana, Michigan and Illinois Are Places From Where Infected Stock Cannot Be Shipped. Fodder Ordered Disinfected.

Washington, Nov. 3.—Federal quarantine to check a dangerous outbreak of the foot and mouth disease among cattle in the middle west was extended by the department of agriculture to include all Pennsylvania, Indiana, Michigan and Illinois, and virtually placed Ohio under the same restrictions.

It affects the Union Stock yards of Chicago, greatest cattle market of the world, to the extent that no live cattle may be shipped from there during the duration of the quarantine, even to another infected area. Under the official interpretation of the order, cattle from areas other than those under quarantine may be shipped to the Chicago yards, but they may leave there only as dressed meat.

Explanation of Action.

After a day of conferences among officials at Washington and exchanges with field agents throughout the affected area this explanation of the government's action was issued at the department of agriculture:

"The quarantine of live stock on account of outbreaks of the foot and mouth disease has been extended to cover the entire area of the states of Michigan, Indiana, Illinois and Pennsylvania. In addition restrictions have been placed upon shipments of stock from Ohio. The order extending this quarantine was signed by the secretary of agriculture Nov. 2 and goes into effect immediately.

"The provisions of this quarantine are practically the same as those previously announced for a few counties in Michigan and Indiana. No cattle, sheep or swine can be shipped from these states in interstate commerce and all fodder and animal products of every sort which might possibly convey the disease must be thoroughly disinfected.

"The quarantined states are not only prohibited from shipping cattle to uninfected areas, but they cannot even send shipments of stock from one infected area to another.

Ohio Also Under Ban.

"No cases of foot and mouth disease have as yet been discovered in Ohio, but on account of the fact that shipments from infected areas have been made to this state it has been found necessary to place practically the same restrictions upon interstate shipments from Ohio as on those from the four other states.

"One instance of foot and mouth disease has been found among the stock exhibited at the National Dairy show in Chicago. In order to prevent the spread of the infection, the other animals are now guarded by sheets saturated with disinfectants and enclosing the stalls, in much the same way as human patients are isolated in hospitals.

"Other rigid precautions in regard to the food and bedding of the stock have also been put in force. The federal authorities in charge of the quarantine are earnestly urging every farmer to report at once any suspicious case of sore mouths and lameness among his stock. This is regarded as absolutely indispensable if the disease is to be stamped out. Unreported cases of disease may result in spreading the infection over areas which otherwise would be safeguarded."

WELSH DEFEATS WOLGAST

Feferee Stops Bout in Eighth Round on Loser's Complaint.

New York, Nov. 3.—Freddie Welsh of England's world's champion lightweight pugilist, defeated Ad Wolgast of Cadillac, Mich., former holder of the title, here. Referee Roche stopped the bout in the eighth round when Wolgast complained a small bone in his right arm was broken.

A doctor who examined the injury announced that the ulna bone was fractured. Wolgast said he never had any trouble with his right arm before.

Wood Alcohol In Liquor; Twelve Dead

Bristol, Vt., Nov. 3.—Twelve persons have died here as a result of drinking liquor which contained wood alcohol. All the victims, according to the authorities, purchased the liquor of a druggist, who is under arrest. Feeling in the town ran high and the sheriff removed the man to the county jail at Middlebury. About thirty other men who are said to have purchased liquor at the drug store were reported dangerously ill.

Cruiser Goeben Is Reported Damaged.

Petrograd, Nov. 3.—A dispatch from Sebastopol says that the former German cruiser Goeben's bombardment of the Black sea fort was put to an end by the Constantinian batteries, which forced the warship to withdraw. The shore station subsequently intercepted a wireless telegraph message from the Goeben, which said: "Damaged. Will return to Constantinople for repairs."
